

# Key Management Solutions

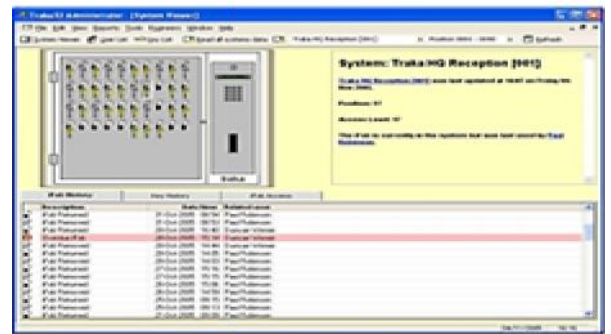

## Who said there's no silver bullet?

If you've been searching for a way to protect your organisation's assets and resources, Traka's intelligent access management systems could prove to be that elusive silver bullet - by turning your conventional key into a 'clever key'

Traka enables you to control, monitor and record the use of almost any physical asset, including: premises, facilities, secure areas, equipment, machinery and vehicles.

Traka provides intelligent key management and equipment management access control to better protect your important assets - resulting in improved efficiency, reduced downtime, less damage, fewer losses, lower operating costs and significantly less administration.

- Designed and manufactured by Traka.
- Carefully installed by Astbury.
- About ten words for each feature or benefit per bullet.
- Enables you to control, monitor and record the use of almost any physical asset.
- Improve efficiency, reduce downtime, lower operating costs and significantly less administration.
