

# Public Address / Intercom Systems

## From simple self-contained portable units to 100volt line systems

From simple, single loudspeaker systems, to specialist medical grade multi zone systems.

We recently completed a multi-zone installation at the extremely busy A&E Dept of Manchester Royal Infirmary, our engineers were required to commence the installation work at the quietest time for the dept..... 4 AM!

At Broadgreen Hospital in Liverpool two new operating theatres were equipped with STENTOFON intercom units.

STENTOFON chemical-resistant stations have an anti-bacterial surface and are specially designed for hospital operating rooms and other clean areas.

- Hospital / clean room work is our specialty.
- Domestic and commercial systems.
- All systems can incorporate AFILS (induction loops).
- Automatic fire alarm integration with pre-recorded messages.
- Full maintenance contracts available.
- Improve your productivity with better communications.
